Instructions

Hi Kids! Make sure that you always ask for a parent's or caregiver's help for before starting any project. You don't want to get yourself into mischief like Curious George so read the instructions carefully.

1. Print out all of the pages (or just the ones you like).
2. Lay the image on a surface that is safe for coloring.
3. Color you image however you want!
4. You can make a bunch of different version and share them with your friends.
5. Or, you can have your parents help you to hang your masterpiece!
